STATEMENT OF THE SUBSTANCE OF THE INTERVIEW

SIR:

This is in response to the Interview Summary mailed July 1, 2008, the one-month response date for which is August 1, 2008.

Applicants thank the Examiner for the courtesies extended during the telephone interview of June 26, 2008 between Examiner Patel and Applicants' representative, Aaron Grunberger (Reg. No. 59,210).

The following is a statement of the substance of the interview of the telephone interview of June 26, 2008.

During the course of the telephone interview, no exhibit was shown and no demonstration was conducted.

During the course of the telephone interview, Examiner Patel noted that a search resulted in the finding of U.S. Patent No. 5,841,137, which the Examiner asserted pertains to the features of the independent claim in the present application, so that the restriction requirement of June 17, 2008 would be maintained. The Examiner further clarified that claims 1 to 21, 25 to 32, 35, and 38 are considered generic so that restriction is required only between claims 22 and 23 on the one hand and claim 24 on the other hand.

While no fees are believed to be due, the Commissioner is authorized, as appropriate and/or necessary, to charge any fees (including any Rule 136(a) extension fees) or credit any overpayment to Deposit Account No. **11-0600**.

Respectfully submitted,

Dated: July 22, 2008
